Stylist:
Yvonne Teijgeman

The furniture seems to float on its beautifully profiled, **tapered legs**, enhancing a very elegant look!

CHOOSE THE CABINET THAT FITS YOU!

The upright and **solid border “embraces” the top part** of each cabinet. The backs of the cabinets are veneered and colour finished, both **inside and outside**.

There is an adjustable straightening fitting underneath each cabinet and a sturdy MDF back, so there's **no need for a central support foot**.

Painting: Waar het vergetene wordt bewaard - act I by Yves Velter

Altura contains no less than **8 sideboards and 10 TV cabinets**. A wide range to choose from!

All top drawers have **soft close**.

Each drawer is equipped with high precision runners, enabling **full extension**, thus optimal use.

ADD-ONS

< led touch

∨
A **ceramic inlay** in five different fashion colours is also one of the personalization options.

> Altura has a lot of nice **add-ons**. For example, you can choose a sideboard or TV cabinet with niche which can be illuminated. There are no switches visible so the pure design is preserved.

Altura TABLES

The Altura range offers **4 fixed tables** with wooden or ceramic top.

Painting: *Waar het vergetene wordt
bewaard - act I* by Yves Velter

The **extension tables** have a veneer top and use the sophisticated Pöttker system. It's embedded in a metal frame so there is no visual difference between a fixed and extension table.

EXTENSION TABLES

COFFEE TABLES WITH MOVEABLE TRAY

Two **rounded wooden side tables** complete the Altura collection. The metal feet are available in 2 heights (45 and 55 cm).

Nice as **stand-alone** but even more beautiful as a **set!**

SIDE TABLES

PLAYFUL AND MULTIFUNCTIONAL

The Altura room divider has **5 wooden shelves**, each with an upright solid border secured in two metal side frames with adjustable feet.

With one or several (optional) ceramic inlays you can match it with your (coffee) table and cabinets.

A room divider or a **rack** against the wall: what do you prefer?

votre propre lumière by Yves Velter*

DESIGNERS

Altura is designed by Bart Coolen & Gust Koyen,
both in-house designers of Mintjens

Gust Koyen

Bart Coolen

“Perfection is not achieved if there is nothing more to add, but if there is nothing left to leave out.”

Bart Coolen (1963) studied Industrial Design & Product Development at Limburg Catholic University College and graduated with a master's degree in Product Design. He is member of the jury at the postgraduate Furniture design VOMO in Mechelen. He also has a passion for photography and has a good eye for upcoming talent. A skill he uses to guide young designers starting out at Mintjens Group.

Gust Koyen (1965) studied woodworking at VITO in Hoogstraten. A specialist in period furniture, he also has a passion for sculpture. Gust started out as a fitter at Mintjens Group in 1986. After working his way up the career ladder, he was eventually promoted to house designer in the R&D department in 2013.

Mintjens designs and produces contemporary furniture collections for living and sleeping areas. From the first rough sketch to the assembly of a finished piece of furniture, the company works with passionate designers and furniture makers.

HARDWARE

The Altura cabinets are equipped with a "syncro push-pull", enabling smooth opening of the drawers. They are adjustable in 4 directions which results in an easy but very accurate alignment of the doors. And this saves you a lot of time! The Sensys hinges in Onyx finish have a high design value and personalized cover plate.

MIX OF MATERIALS

The collection includes a mix of materials. Wood, glass, ceramics and metal are flawlessly matched, creating a surprising combination of texture and colours.

WOOD

Altura uses matching first grade oak veneer for the cabinets, which is sanded in order to enhance a very smooth touch.

TEMPERED GLASS

The 'greyfloat' tempered glass has polished edges.

CERAMICS

A ceramic inlay of 5.6 mm is an option in each niche and is available in 5 finishes: Ebano, Marmo, Bluestone, Plombo and Perla.

Ceramic is also available as table top with the Altura tables.

METAL

Every Altura sideboard, TV cabinet or China cabinet is available on a solid wooden plinth (3 cm) or matt black metal feet in 2 heights (17 and 34 cm). The feet can be adjusted.
